### Restrictions: For Your Safety

Our beach is open to the public year-round. Swim at your own risk. Please do not disturb live animals and plant life. Jekyll's dunes form a natural buffer to protect buildings and land from tides, winds, waves and storms. Use crossovers for beach access, and please stay off natural sand dune areas. State law prohibits picking or cutting sea oats.

A Jekyll Island ordinance forbids the use of electronic devices for detection of metals, minerals, artifacts, lost articles, or for treasure hunting. All dogs and cats must be kept on a leash or confined to the owner's premises. Stray animals may be impounded.

Motor vehicles are allowed only on the paved roads. It is illegal to drive motor vehicles in any other areas. Please observe the island-wide speed limit of 35 mph unless otherwise posted.

Occupied recreational vehicles are not permitted to park overnight in the parking lots. Please ride your bikes on our paved bike trails. If it is necessary to ride on the street, please keep to the far right and ride single file.

Guests are encouraged to appreciate Jekyll's natural environment and abundance of wildlife, but for your safety and that of the wildlife, please do not hand feed the animals. Also, state law prohibits the feeding of wild alligators. When driving, please be aware of deer.
